RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species. This is Biodiversity land and should not be destroyed by this 85 Unit development". The seven big long building apartments will definitely destroy the wildlife echo system and its bushland natural surroundings and our future children will not see the exquisite bird life any more and it will definitely erode the value of the area by the population it is going to produce. Please do not pass this development and other apartment blocks and big shopping complexes in this area by 10 KM from Palm Beach to Dee Why because it will be a huge mistake for generations to come.
