RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

To Whom it May Concern,

As a long time resident I appose the Optus communication tower.

It is too close to a school approx 300m away this local school houses at least 900 students. Radiofrequency radiation from towers has not been proven to be safe.

It will also boarder too close to the Curl Curl lagoon which has been tirelessly been rehabilitated by the lagoon friends and resident's. It will destroy a ecosystem which know supports rare species like the black swan.

This eyesore of 25.7m tower is rejected from local people who enjoy our green space.

Thanks
