RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

I strongly oppose this application for the installation of a communication tower. It is simply unacceptable this is even considered given the proximity to the local school and playing fields.

As per the last application from Optus for a tower in John Fisher park that was rejected what seems like last year - this application should also be unreservedly rejected.
