Subject: Bayview Seniors Housing and Golf Course Development.

I wish to submit my support for the planned Development DA 2017/1274

Bayview Seniors Housing and Golf Course.

This development will be such a benefit for older residents in the Bayview /Church Point area who are planning on downsizing from their larger homes.

Residents know and love the area and have no desire to move away in their senior years from familiar to unfamiliar surroundings. This can be quite traumatic for older citizens.

The planned proposal has been sensitively designed to blend in with the natural environment with extra tree planting , attracting more wildlife to the area.

All complaints from the nearby residents have been handled with sensitivity, with landscaping designed to blend in with the local fauna and flora.

Let it go ahead.

Mrs Margaret Kennedy,
148 Mc Carrs Creek Road
Church Point 2105
