Dear Sirs,

I am writing in reference to the proposed development listed above - DA2017

I do not agree with this proposal because it will affect the wildlife that has been so wonderfully protected and preserved. Also, there is so much development in this area - namely Warriewood

My concern is that this area of the northern beaches is becoming so densely populated, however the main problem is the infrastructure. What is the council going to do about extra parking that will be needed once more and more developments occur? The parking is already at a premium. What are you proposing?

Regards,
