I am in favour of the new amendments of Waterbrook Pty Ltds development at the above property which is currently owned by Bayview Golf Club. I have been a member for the last 25 years and have always lived in the close proximity to the club and northern beaches area. Recently I was involve in an accident which requires me to ride in a cart to continue with my golf life. I would be very willing to live in a high quality seniors apartment that is located so close to the course as I wish to remain in this area where my family live as well as many friends and acquaintances. I am 72 and I need a cart go get around the golf course and hopefully I can still enjoy my golf. Thanking you. Gerard Bouman.
