**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

We object and so do nearly 65,000 other residents to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species. This is Biodiversity land and should not be destroyed by this unit development."

Despite the Refusal of this DA by the Regional Panel for SEPP Seniors Housing in the Bayview Wildlife Corridor on many significant grounds including Substantial and Adverse impacts on the environment and despite overwhelming community objections we understand the developer has submitted a new application in the Land and Environment Court. This must be refused for the good our future generations. There are so many senior housing developments nearby. We do not need another!

With thanks

Harvey
