RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

To the Assessing Officer,

I strongly object and ask you to reject the development of 7 apartment buildings with 85 units in such a critically important environmental area. So many more lives than just a few people need this corridor of land for them to survive. There are many vulnerable species in the middle of the designated area and it is important to maintain it today and for the future. Why have so few destroy such an important area just for money and greed, build somewhere else!
This is Biodiversity land and should not be destroyed by this 85 Unit development."

Thank you for standing strong for all those that do and don't have a voice

Sonja Leon
