RE: DA2020/1756 - 353 Barrenjoey Road NEWPORT NSW 2106

The current development proposal being considered for Robertson Rd Newport is completely out of touch with what is expected in this location.

Robertson rd is not just any development site but the most important location in the Newport Village precinct.

Here is a one time chance to get it right and make this area a hub to build on for the Newport Village master plan.

It all starts here!
