**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

Hello,

I am writing to tell you I disapprove of your plans to build a new apartment complex in the northern beaches which will hurt the surrounding wildlife. I do however understand apartments need to be build in order to keep up with population increase. Can this site be protected and a better site used to incorporate both nature and housing? I suggest you look at BIG from Denmark who create sustainable coty solutions and don't get put an apartment on land. I think once you actual think about it you will find a better place for this development with a better design which really shows Australia is forward thinking. This is not the place to build anything.
