RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I am writing to voice my opinions as a local Bayview resident in regards to to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species.

I object to this development. This is Biodiversity land and should not be destroyed by this 85 Unit development - and we have enough retirement residences in Bayview and surrounding areas as it is. Our road network is currently getting busier and busier with development already happening in nearby Warriewood and soon to be Ingleside and I would expect the road network to be upgraded somewhat to accomodate such development, which I would expect the council would not be willing to do considering the cost associated with these works.
