RE: DA2020/1756 - 353 Barrenjoey Road NEWPORT NSW 2106

Hi. My name is Stu.

My family and I are Newport residents and use Robertson road on a daily basis. We like the calm of it and if truth be told we'd prefer it to be pedestrians only.

Driveway access via Robertson rd to a 2 storey underground car park will see a lot of vehicles coming and going on a usually quiet street.

We'd like to see a bit more thought into the entire street. Not just a smash and grab by individual developers to turn a buck.

In my opinion Newport has seen some pretty average developments in the village area over the years that have made not much of an attempt to fit in with the village lifestyle/vibe that we were lucky enough to be part of.

Robertson road is a one of a kind in the heart of Newport village. In better times it has a great vibe and has the potential to be even better with some careful planning and consideration.

Kind regards.

Stu
