RE: DA2018/0149 - 60 Binalong Avenue ALLAMBIE HEIGHTS NSW 2100

While the resubmitted application has made some attempt to address the parking problem that this construction is likely to cause the area it is in our opinion still not adequate. The structure is still not in keeping with the surrounding residential homes and the potential for transient occupancy is not in keeping with the family community environment Allambie Heights is know for.

Our opinion has not change since our original submission.
