Subject: DA NO. 366/08 ATT GRANT WALSH

Dear Grant,

Just to apologise for not being able to respond to your call properly on Friday as I was driving and running late for a meeting. Also, I wish to update you with our current situation. On Saturday morning, upon driving into our driveway, my wife was served with a notice from the Solicitors acting on behalf of the Strata Management for Seaside advising they have lodged a Claim with Parramatta Court to retrieve the outstanding levy fees from me - totalling \$15,910.23! Last Wednesday my wife and I were invited to a community meeting with Bronwyn Bishop at the Memorial Hall. After the meeting we spoke with her privately advising our plight. She told us to make an appointment with her and requested we forward an email outlining our situation. We have done so and will send this to her office on Monday. Also last week, I spoke at length with A Current Affair regarding our situation. This followed the airing of a program regarding a lady in a similar situation to ours. They are very interested and are awaiting our return email to proceed with the story. Unfortunately Grant we will not go through another Christmas with this hanging over our family's head so are now prepared to expose all. After almost 7 years of dealing with this, we have numerous evidence and photographs to back our case that 'Seaside' is not what it appears to be. I strongly urge you to fully acquaint yourself with the basis of our objections and those also of Unit 24 before any decisions are made. As I mentioned during Thursday's phone call, I would be more than willing to accompany you on your visit to Seaside so you can see the basis for our objections. You mentioned that you would keep me informed of all progress and I earnestly seek your co-operation in this regard. Can you please let your applicant know our intentions. Regards, CHRIS & SHARON
