RE: DA2018/0149 - 60 Binalong Avenue ALLAMBIE HEIGHTS NSW 2100

To whom it may concern,
We have lived in our home for nearly 10 years. We moved here with our 2 year old daughter and now have 4 daughters. We moved from Willoughby because we wanted to live in an area / street with less people and traffic and near the bush. On a weekly basis it is not unusual for us to see snakes, rabbits, even wallaby's and the odd eddchida! My children often play out in Jennifer Avenue and it's a lovely quite saught after street.

If the approval goes ahead for medium to high density living this will change the area forever. We are already finding it hard to get out either end of Allambie road in the mornings or afternoons and imagine what it would be like.
I plead with you to reconsider approving any boarding houses in our leafy residential suburb.

Sincerely
JANE RICH
