**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

Dear Sir/Madam, I wish to object to DA1274/2017 which would have 7 apartment buildings developed in a high priority wildlife corridor. This wildlife corridor is there to protect and provide home for vulnerable wildlife. Developing this site will destroy this habitat. Humans can live anywhere however wildlife cannot. Please protect this important green area for the wildlife and for humans to enjoy as well. Thank you.
