**RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW
2099**

Phone masks are not only ugly but are damaging to human health.
The government guidelines are out of date and, in any event, did not involve testing on children.
Curl Curl is an extremely important place for my family. We spend a great deal of time there ever since the birth of my eldest son and meet at the cafe every weekend. My youngest son attended the high school which is also very close to the location of the proposed mast..
In England Michael Mansfield QC is taking a case against the government for their failure to properly test the safety of this sort of equipment, in other words, the failure to follow the precautionary principle.
