**Subject:** bayview seniors development and golf course

I am 24yrs old and support this development. I have been a member of Bayview Golf Club since I was 10yrs old. I think the development is tasteful, and well hidden from the neighbours and the road. I think the animals in the bush will also appreciate the increased bushland environment being created. This is a great development for the area and a win/ win for all parties involved. I really hope you agree, it would be perfect for the longevity of the club and it's members. Thank You for your consideration.
