**Re: Development Application No DA 2010/ 0697**  
22-26 Albert St Freshwater/5-21 Lawrence St, Freshwater/ 18-22 Marmora St, Freshwater

Dear Sir,

As an owner and resident of Harbord/Freshwater for the past 22 years I would like to express my strong concern and opposition to the application listed above.

I object strongly to the density of this development which exceeds the LEP restrictions and am extremely worried about the traffic congestion that will be created.

I witness every summer the traffic jams along Lawrence St and surrounds with the shopping and beach traffic and I CANNOT understand how you think a 337 vehicle carpark is not going to disrupt this village.

As a mother of 4 children I fear for the children and the elderly trying to negotiate their way safely through such traffic.

I object to the height of this development which also exceeds the LEP restrictions. It is **NOT** in keeping with the village of Freshwater.

We need to maintain our village for these people who find large shopping centres confusing and their closed in underground carparks frustrating to get out of. We need our village so we know the shopkeepers and they know us and often our specific needs.

Please let **US** decide as a community how we would like our village to grow so we do not loose the Village the has existed so happily for so long.

Yours Sincerely

A handwritten signature in cursive script that reads "Cathie Dossetor".
