RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I grew up in Sydney & frequently visited North Shore. It is such a densely populated area with little natural environment., which was a big part of its' beauty. Why can't this corridor be preserved? Where the occupants go- they won't & they'll die because there's no more room. Humans are portable not wildlife though. Is it not important to have social & environmental ethics?
