Subject: Waterbrook Development DA 2017/1274

Dear Sir or Ms

We are writing to you in connection with the proposed Bayview Seniors Housing Development on Bayview Golf Course.

I support this project wholeheartedly as it means that Bayview Golf Club will remain a local icon with its beautiful setting amidst trees and lakes, a focal point for wildlife and a valuable community facility for events such as weddings, birthdays, meetings and other gatherings. The management have made a huge effort to make sure the new development will be environmentally friendly with additional tree planting and state of the art water management, while providing seniors accommodation that will ensure the long term viability of this beautiful and worthwhile resource to the community.

Yours sincerely

Derek and Lois Brooks
