RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I continue to object to the amended plan DA1274/2017 to develop seven apartment buildings, containing 85 units, in the middle of the designated high priority wildlife & coastal corridor, which is home to many vulnerable species. This is Biodiversity land and would be irreversibly affected by this development.

Thank you for considering my point of view.

Sincerely
Mick Le Moignan
