RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Hi I used to live on the Northern Beaches and still visit regularly. I object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife & coastal corridor, home to many vulnerable species. This is Biodiversity land and should not be destroyed by this 85 Unit development." Council should be fighting to protect the limited naturally vegetated land that is left on the northern beaches. Infill and redevelopment on land that has already been developed in the past should be the priority not sacrificing bushland and habitat to new greenfield developments, while pushing our unique wildlife further towards extinction.
