RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

Hi, I oppose this application as it will be too close to my child's school (only 300m away whereas the Department of Education recommends at least 500m away). I don't feel comfortable with my child playing, learning and eating so close to this every day given that the jury is out on whether these type of communications facilities can cause damage to people's health in the long term. From the plans it also looks like it's right on the children's sports field where they play all the time. Please do not allow this development . Thanks, Mione
