RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I love the area and wildlife that is threatened by DA1274/2017 and am disgusted that anyone would want to destroy a vital part of the wildlife corridor vital to the natural environment and biodiversity to build 7 apartment buildings which will overburden existing infrastructure, all for the sake of a few people who obviously care only for themselves and nothing for the future of Australia or the wishes of the bequeathing party. Please don't let this go ahead.
