RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Dear Assessing Officer,
we wish to completely reject this revised application!
1.zoned, open space/recreation/wild life and fauna corridor!??
2.development should be =Nil! totally inappropriate!!
3.not even in keeping with adjoining residential!
4,aprtment blocks in a nil zoning!
golf club have let the undergrowth/lantana etc grow along cabbagetree rd to try and hide the proposed impact.

dont believe visual impact photomontages show an accurate view.

we have lived at 76 cabbagetree rd since 1978,more than happy for the judge to view from our house the proposed impact this would have!

i feel sure who ever signed the compatability statement could not have been to the site ?

thank you,

Ian&Jan Westaway
