**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

Dear Sir

Please accept this as a formal objection to DA1274/2017. The proposal to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor, simply ignores all the environmental principles as we know them. This bush is home to many vulnerable species. Once the habitat is destroyed it is gone forever.

Please consider this detrimental effect to our flora and fauna, and reject the application in its entirety.

Regards  
Terry Daly
