RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

We vehemently object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species. It must NOT go ahead.

This is Biodiversity land and should not be destroyed by this development. All the same reasons that had these plans rejected last time, should apply to this amendment also. The issues are all the same and it is ridiculous that they should be wasting everyone's time again. No development should be approved on this sensitive wildlife corridor.
