RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I would like to register my strong objection to this development application (DA2017/1274) for the construction of 95 seniors housing units.

- We cannot keep building over precious green space. This is a wildlife corridor, a haven for birds and animals. It should not be reduced to concrete.

- Increased traffic. Cabbage Tree Road has become a busy thoroughfare in recent years and is set to become busier due to already ongoing and proposed development in the area. Where will potential new residents park their boats, trailers, caravans etc?

- Duplication of services. So many new seniors complexes are under construction in the area already, to add to those already in existence. Not to mention all the single homes being replaced with 'senior living' dwellings.

For those who may think of me as a NIMBY, do you have a senior living development in your backyard? No? I already have one in mine and it is fine, however, the area and its wildlife most certainly do not need another one.

With my best regards.
