**RE: DA2019/1119 - 4 / 0 Bennett Street CURL CURL NSW 2096**

The application for the proposed markets at HBC is extremely distressing for the residents that will be directly affected by the negative issues of more unrestricted noise and the added major parking & traffic problems that already exist in our street/s surrounding the HBC.

People live here, it is a residential area and we all, already endure a lot of outsider interference and disregard to this fact.

Our streets cannot tolerate anymore traffic being added to the chaos, we already have so many issues with unsafe parking & driving!

The only semi quiet time enjoyed by the residents in the direct area of the HBC is on a Sunday morning...a market every Sunday with all its proposed goings on is going to obliterate that totally!

The residents in the direct vicinity of the HBC deserve some respect, regard & commonsense shown!

Please find an alternative location for this market, but not in a residential area where it can adversely effect people's lives!

The Manly Bowling Club is sitting empty and does not impose on any residents!
