Subject: Bayview Seniors Housing and Golf Course DA2017/127

Hi Council

I refer to Bayview Seniors Housing and Golf Course DA2017/1274

I support this activity. It seems to be a sensible balanced use of land for both the golf club and for extra senior housing in the area.

The golf course will be better maintained overall including improved water management practices. The community in general is benefited as gets to continue to enjoy great quality recreational and sporting facilities in the area.

Best regards

Mark Welch
