RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Re:development at Bayviewlife.org

Dear Sir/Madam

I am writing to let you know of my opposition to the above mentioned development due to the the danger to the wildlife in this area. This submission has already been rejected and should remain so. Native animals are being wiped out and many are disappearing altogether. I am not against development but I think we need to look beyond the immediate cash gain and look to the future for our children and beyond. Please protect our unique animals and keep them safe.

Thank you for reading my letter.

Yours faithfully
Nadia Waskiw
