Subject: Re: DA2017/1274 - 52 Cabbage Tree Road & 1825 Pittwater Road, Bayview - AMENDED PLANS

I wish to discuss with Northern Beaches Council the prospect of a KOALA RECOVERY within the listed SEPP 44 areas of Northern Beaches.

The obligation of the Threatened Species " manager " is " questioned ??? as the Chief Govt Scientist Report 2016 has 11 recommendations including the first - ITS A WHOLE OF GOVT RESPONSIBILITY

So that seems to NOT EXCLUDE Northern Beaches Council,
It then wants to increase the population, which in the CASE of Northern Beaches Council's area WOULD INCLUDE " trans-location of Koala " as a start-up population .

So I have NSW OEH and WSU and the Minister of Environment, asked to arrange a " trans-location using the disease free koala population in the Wedderburn area.

This would require " WORKS " in the Northern Beaches including a " review of the SEPP 44 capability of the Bayview Golf Course But an independent investigation may (at Northern beaches Council's expense) be part of the " action plan " as there is evidence tht the former CEO of Pittwater Council favoured a " LAND SWAP " in Warriewood Vallley over creating extra Koala Habitat. .

The NSW Parliament will discuss the Wedderburn Koala Habitat matters next week Sept 27 ?

Your refusal of the BAYVIEW GOLF cOURSE DA did not properly address the importance of the habitat, and the wildlife Corridor widths required, and the access between the Barrenjoey Peninsula and Warriewood Valley.
