RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

My husband and I object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species.
This is Biodiversity land and should not be destroyed by this 85 Unit development.

Since moving to Bayview 4 years ago we have been horrified at the number of developments which have been allowed to go ahead all over the suburb, we have watched many so called 'protected' trees felled for development and witnessed first hand the change in bird populations and movements and behaviours as birds struggle to compete for reducing habitat. This proposal must be stopped!
