**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

Dear Assessing Officer,

I write to express my support for the Waterbrook Development. Bayview Golf Club is a venue that is integral to the social life of the suburb and surrounding areas so it is important to preserve its financial stability.

In addition, the development provides the opportunity for the club to both secure its own future against climate change by reducing flooding and establish wildlife corridors which would benefit the environment of the wider community. This reduction in flooding would also benefit surrounding properties.
