**RE: DA2019/1119 - 4 / 0 Bennett Street CURL CURL NSW 2096**

Please.... No No and No to any more traffic on Bennett Street.  
We didn't sign up for all of the congestion which has been foisted on our tight residential streets.

A market would be good... but find an appropriate place for such a commercial venture.

We seem to be focus for all of the sports played on the Peninsular. Along with the growing school and 'P plater' parkers. The Bowlo patrons. The overflowing netballers. Curly is being loved to death.

Please put the market in a more accessible area and don't swamp our homes.

With respect to the Bowlo. They shouldn't be proposing this commercial enterprise in our streets.

Do you know that Bennett Street traffic can only operate in one direction at a time? Drivers courteously pull over to allow traffic to move in the opposite direction. This system breaks down when sporting events happen. I personally have seen three wing mirrors smashed off this year. Give us a break...
