RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Dear Assessing Officer, I object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species.

This is Biodiversity land and should not be destroyed by this development. In the 1990s when I lived there, all of the Northern Beaches was environmentally sensitive, the land being finite, and Bayview having a narrow road in and out. What a nightmare if you destroy this wildlife corridor for the sake of a few bucks, and destroy the quality of life of the residents. The Northern Beaches is for living and relaxing and enjoying the beauty of its distinct wildlife. Please do not destroy something so valuable, something that can never be brought back.
