RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Dear Assessing Officer,

Thank you for the opportunity to state that I object to the amended plans for DA2017/1274:

I believe this land needs to be protected from any development, and needs to be left as a wildlife corridor for our dwindling wildlife. We need to protect our biodiversity as a matter of urgency as so much bush and habitat and therefore wildlife, has already been lost.

Thank you for considering my objection.

Also, the proposed seniors development is out of character with the area and should be put elsewhere.

Regards
Sandra Shergill
