RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I am concerned that urban development is being considered in wildlife habitats within Sydney's city limits. These natural wonders should be allowed to continue as the benefits are not just to the wildlife inhabitants, but also to the visiting tourists and local residents who gain a greater sense of wellbeing and affinity to Australia's natural flora and fauna.

As educated people in power you would be aware that short term financial gain is not always in the best interests of your constituents and their emotional health. Nature has a healing and uplifting effect on those who choose to encompass it in their environment. Please leave it be!

Respectfully
Jo Holman
