RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

I would like to advise you that I strongly object to the installation of a mobile phone tower at Fisher Park.

There has been no community consultation, just some notices on flagpoles during a pandemic so as to avoid the maximum amount of awareness.

This is an area used by thousands of people for recreational purposes as well as being very close to a large school and too many will be negatively impacted by this. The health problems associated with long term exposure and untested.

Please do not allow this to happen
