**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

I object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor, home to many vulnerable species, including the charismatic Powerful Owl.

The land has been set aside for Biodiversity and the proposed development will impede the movement of wildlife, reduce the resources available to maintain viable communities of fauna, increase light pollution (known to have deleterious effects on the behaviour of microbats) and introduce domestic pets, known to have significant impacts on a suite of fauna including reptiles, birds and amphibians.
