Dear Sir/Madam

**Development Application for On site waste water treatment system (for proposed dwelling house DA N0982/03) at 3 BOUNDARY STREET WARRIEWOOD NSW 2102.**

I am pleased to advise that this application has been approved and I attach for your assistance a copy of the Development Consent, the conditions of approval and a copy of the approved plan.

As building works are involved, prior to proceeding with the proposal, it will be necessary for you to lodge a Construction Certificate Application with either Council or an accredited Certifier.

I take this opportunity to direct your attention to Section B of the Consent which details the matters to be satisfied prior to issue of the Construction Certificate.

Please note that some sections of the Consent may require the lodgement of Building Component Certificates at various stages of the development. These Certificates must be returned to Council or the Accredited Certifier prior to issue of the Occupation Certificate or Subdivision Certificate. **You should also note that both Council and the Accredited Certifier will charge a fee for acknowledging compliance with conditions and the issue of the Occupation or Subdivision Certificates.** . You must nominate either Council or an accredited certifier prior to commencing work.

You will be required to notify Council a minimum of 2 days prior to your commencing work on the site.

If there are any matters relating to this approval which require further explanation, please contact me prior to commencing work on the site.

Yours faithfully

**John Raven**  
**DEVELOPMENT OFFICER**
