RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

We often come to Sydney and enjoy this area for Nature. It's important that Sydney retains natural values and wildlife Corridors for Visitors. WE LOVE SYDNEY - but look after your nature!

There is far too much pressure from corporate and foreign investors which is affecting Government Policy. This is a short term vision. Please think of the people in Sydney who live there!
