RE: DA2019/1119 - 4 / 0 Bennett Street CURL CURL NSW 2096

I do not think this proposal should be successful. I am a local and regularly visit Freshwater as i love the village vibe it has. I am a regular shopper at the incredible new little market that is held behind Lawrence St on Sundays because it has such a local supportive theme and i think it is such an accurate representation of the Freshwater values. A big market run by a big non-local company who possibly wont acknowledge or respect the local community will have a very negative impact on the existing Sunday market and all of the local Freshwater shops.
