RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Although I don't live anyway near the location of this proposed development but I feel strongly against the development.

I feel that we as people should be using our knowledge and wisdom to make best decisions for the world we live in and this also means taking care of our wildlife and environment.

This proposal is not only damaging existing wildlife and nature, it feeds the greed of human kindness.

Please will you consider your decisions as we do only have so many endangered and wildlife to co exist with. They are put in our charge not to destroy but to enjoy and admire as part of our wonderful nature and creation.

Humans can choose to live in lovely beautiful locations but surely not to the detrimental of innocent wildlife. So PLEASE make good, better or best decisions....
