RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Green space set aside for both enjoyment and the protection of Australia's unique flora and fauna are precious to city-dwellers. DA1274/2017 seeks to develop 7 apartment buildings in an area that has been designated as a high priority wildlife corridor, and which is home to many vulnerable species.

I recognise the need to meet the demand for appropriate housing for our growing elderly population. However, it is not impossible to find solutions that achieve this goal without irreversibly destroying precious natural spaces.

Please honour the designation of this land as a biodiversity corridor and prevent it being destroyed by this development.
