**RE: DA2018/0149 - 60 Binalong Avenue ALLAMBIE HEIGHTS NSW 2100**

I object because medium/high density should not be allowed in low residential zones. Allambie Heights is not equipped with appropriate infrastructure. How about getting decent public transport to cope with this type of zoning first?!

Also we still don't have decent/any foot paths in many streets making it dangerous for residents. Old and young alike!! It would be irresponsible to zone for anything different until these issues are fixed. Medium/high density housing would bring more children into the area who like to ride bikes and scooters. As mentioned the lack of footpaths is a severe issue with children riding on the road. Having almost run one over the other day this must be considered before rezoning.
