RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Dear Sir/Madam,

I dont live on the Northern suburbs however I think its my duty to save the few areas we all have left to enjoy, but also for the sake of the wildlife which in so many places now are becoming harder and harder for them to find habitat and food. I have friends who live up there and we often celebrate birthdays and Mothers day in the area for picnics and such so I am asking you please keep these areas for us all to continue to enjoy.

Sincerely, Amber Kay
