**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

I absolutely and emphatically object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife and coastal corridor which is home to many vulnerable species.

The reason why impact assessments etc are done is to be able to have the relevant facts at hand before the green light is given. If it is clear that there will be a major environmental impact the development cannot proceed. We cannot continue to rape our land for development and just close our eyes and pretend that all is ok.

This is Biodiversity land and SHOULD NOT and CANNOT be destroyed by this 85 Unit development!!
