**RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099**

Dear Sirs

Re: Proposed Optus Tower Installation

DA2020/0661 - 7356/1167221 Huston Parade NORTH CURL CURL NSW 2099

I wish to object to this development proposal.

I live in Curl Curl within walking distance of John Fisher Park. I have enjoyed watching my grandson play football on the particular sportsfield where it is proposed to erect this facility, and it astonishes me that Optus should even be considering placing mobile phone antennas in this location.

The lagoon edge has just seen the rehabilitation of plantings in this area, partly funded by a grant from the Environmental Trust, after help from our local State Member of Parliament. Now it is proposed to blot this beautiful addition to the waterside with the installation of a 25.7m high monopole along with an associated raised platform and solid metal enclosure.

Nowhere else along either side of the lagoon edge are there any similar structures. This will be totally out of place and we do not want it here.
